

The Luciole has teamed up with 'France à Vélo'

Hotel barge Luciole is delighted to offer a partnership cruise with the highly respected French company 'France à Vélo' based in Auxerre. Together they have organized an itinerary that will suit all cyclists, from those who are keen to wheel the miles on a cycle round-route, to others who prefer a shorter, mid-point earlier return to the Luciole. Alternatively for passengers who would prefer not to cycle every day (or if you are accompanying a cyclist and not wanting to cycle at all) our itinerary enables you to enjoy the week from the comfort of a Luciole chair, rather than a bike saddle!

The week's itinerary gives passengers the best of both worlds, dovetailing half-day biking with barging, cycling between 15 - 30 miles (25 - 55 km) per day. The 'France à Vélo' experienced bike guide will lead the excursions, taking cycle routes from the barge to Chablis, Noyers, Vézelay, Bazoches and through the stunning Morvan Forest National Park.

The 'France à Vélo' bus is on hand to make the most of each day, so you really can 'bike and barge'. The 'cycle-round' will take in glorious scenery of Burgundy, our regular visits and refreshments along the way.

Included

France à Vélo bike, with 21 gears

Electric bikes available (surcharge)

Bike helmets

France à Vélo's professional bike guide, working in partnership with the Luciole crew

France à Vélo's bus to transport bikes for passengers choosing 'the lite' cycle compared to the long

And of course everything else you would expect from our 'All-inclusive' Luciole barge cruise.
